THE PEOPLE'S GOVERNOR

Attachment 4

PRESS RELEASE

06/11/2008 GAAS:328:08 FOR IMMEDIATE RELEASE

Governor Schwarzenegger Proclaims State of Emergency in Butte County Due to Wildfires

Governor Arnold Schwarzenegger today proclaimed a state of emergency in Butte County due to the Ophir and Humboldt Fires.

"We are aggressively battling the Ophir and Humboldt Fires, and I thank the hardworking firefighters for their efforts. We are mobilizing and coordinating all of the resources necessary to fight these fires," Governor Schwarzenegger said.

Earlier today, the Governor directed additional resources to aggressively fight California's early wildfires through CAL FIRE and the Governor's Office of Emergency Services and activated the DC-10 and DC-7 retardant dropping aircraft today. The Governor's Office of Emergency Services is closely monitoring fire activity throughout the state and is working closely with CAL FIRE and local jurisdictions to ensure they have access to the resources needed to respond to wildfires and other weather-related disasters.

On May 9, 2008, the Governor issued Executive Order S-03-08, which boosted the state's preparedness for wildfire season and directed the California Department of Forestry and Fire Protection (CAL FIRE) to immediately mobilize critical firefighting resources and personnel to save lives and homes statewide.

The full text of the proclamation is below:

A PROCLAMATION

BY THE GOVERNOR OF THE STATE OF CALIFORNIA

WHEREAS two wildfires are currently burning in Butte County; and

WHEREAS the wildfire known as the Ophir Fire began on June 10, 2008 and has already burned over 1,600 acres and destroyed 21 homes and numerous other buildings; and

WHEREAS the wildfire known as the Humboldt Fire began on June 11, 2008 and has already burned over 3,500 acres and is threatening 1,200 homes and numerous other buildings; and

WHEREAS these wildfires are being driven by dry conditions and high winds, and these conditions are expected to continue; and

WHEREAS these wildfires have already disrupted major electric power lines and continue to threaten other utilities; and

WHEREAS hundreds of people have been evacuated and emergency shelters established; and

WHEREAS on June 11, 2008, the County of Butte declared a local emergency, based on the fire's continuing threat to residences, structures and power lines; and

WHEREAS my Office of Emergency Services requested federal Fire Management Assistance Grants, which were approved by the Federal Emergency Management Agency, to ensure that adequate financial resources are available to rapidly attack the fire and reimburse critical emergency response costs; and

WHEREAS my Office of Emergency Services is already working with Butte County officials and relief agencies, such as the Small Business Administration, to identify aid for impacted residents in the fire area; and

WHEREAS the circumstances of this wildfire, by reason of their magnitude, are beyond the control of the services, personnel, equipment and facilities of any single county, city and county, or city and require the combined forces of a mutual aid region or regions to combat; and

WHEREAS under the provisions of section 8558(b) of the California Government Code, I find that conditions of extreme peril to the safety of persons and property exist due to the fire in the County of Butte.

NOW, THEREFORE, I, Arnold Schwarzenegger, Governor of the State of California, in accordance with the authority vested in me by the state Constitution and statutes, including the California Emergency Services Act, and in particular, section 8625 of the California Government Code, **HEREBY PROCLAIM A STATE OF EMERGENCY** to exist within the County of Butte.

IT IS HEREBY ORDERED that all agencies of the state government utilize and employ state personnel, equipment and facilities for the performance of any and all activities consistent with the direction of the Office of Emergency Services (OES) and the State Emergency Plan, and that OES provide local government assistance under the authority of the California Disaster Assistance Act.

I FURTHER DIRECT that as soon as hereafter possible, this proclamation be filed in the Office of the Secretary of State and that widespread publicity and notice be given of this proclamation.

caused the Great Seal of the
this 11th day of June 2008.

IN WITNESS WHEREOF I have hereunto set my hand and
State of California to be affixed

ARNOLD SCHWARZENEGGER
Governor of California

Humboldt Fire

[Edit](#) [Info](#) [Talk](#)Search:

The **Humboldt Fire** broke out around noon June 11, 2008, in the vicinity of [Highway 32](#) and [Humboldt Road](#). It has burned thousands of acres and forced the evacuation of thousands of people in the area of [Butte Creek Canyon](#). On July 17th, CalFire (CDF) publicly announced that it was caused by arson and that they were pursuing all leads to find those responsible. A \$10,000 reward for the arrest of those responsible was offered.¹

Chronology

11 June

Fire is reported near Humboldt Road. Firefighters attack the blaze from the ground and the sky. Many roads in the area are closed as the fire approaches and residents are evacuated to nearby [Neighborhood Church](#).

12 June

By early morning, over 6000 acres had burned and 750-1000 people had been evacuated from the canyon.² The [Skyway](#) was closed for a while, when the fire had jumped the road, ~~but has since been reopened~~.

Governor Schwarzenegger declared a state of emergency in [Butte County](#) as a result of the fire.³

By late afternoon, according to the [Chico ER](#), four houses in [Paradise](#) have burned and an estimated 18,000 people in Paradise are without power. It is being reported that the fire is, at this point, only 10% contained.⁴ UPDATE: According to an updated Chico ER article, all but about 1100 Paradise residents have had their power restored.⁵

Butte College canceled classes on the main campus for the day (Chico Center classes will still be held). Durham-Pentz Road is still open southbound (~~northbound is closed, so no getting into Paradise~~). The campus is being used as a command center in the firefighting efforts.

According to ~~their website~~, Butte Regional Transit has interrupted service to and from Paradise. The regular hourly service from Chico has been eliminated due to road closures (Pentz is currently the only way in and out of Paradise) and will be making two runs up the hill: 5:30 and 6:20pm from the Transit Center. Service between Oroville and Paradise has been temporarily suspended, with no buses running whatsoever. **UPDATE: Pentz Road is now only open to traffic coming down the hill, so no service will be offered to Paradise!**

As of 10:00pm, the fire had reached the Butte College campus, burning a portion of the Wildlife Refuge, but was contained at Butte Campus Drive. No structures there have been damaged.⁶ Media sources are also reporting that the fire has grown significantly, with 20,500 acres burned and 20-40 homes destroyed (and as many as 5000 more structures still threatened).⁷

13 June

The Skyway was reopened to traffic leaving Paradise overnight, but closed again by early morning. There is still no traffic entering Paradise as of 8:00am. The only accessible (without 4-wheel drive) routes out of Paradise are over Clark Road or Pentz Road to Highway 70. Apparently some cars are getting down the Skyway from Paradise with a CHP escort, but Pentz is still being recommended as the best route out.

The evacuation totals are now reported at 9000 people, with the fire currently reported as 16% contained.⁸

It was announced that roads into Paradise would be reopened at 4:00. Just after 4:00, ~~Butte County Public Works~~ updated their road conditions listings to indicate that Clark Road, Pentz Road and Durham-Pentz Road have all been reopened in both directions. The status is listed as "USE CAUTION" currently, so anyone heading back up to Paradise should take the drive carefully. Honey Run Road's status has also changed, and appears to now be open to residents only. The Skyway was opened in both directions as well, with the same warning of "USE CAUTION".

The ~~Town of Paradise~~ announced that the evacuations previously underway for all areas south of Pearson Road from the Skyway to Pentz has been lifted. They say that bus services are being arranged to assist evacuees in returning to their homes. Other evacuations remain enforced.

14 June

Cal Fire is reporting as of 6:30am that the fire is now 35% contained. The estimated acreage of the fire is nearly 23,000 acres burned, with 66 residences destroyed and another 7 damaged.⁹

An updated version of the previous Cal Fire report (from 7:00pm) states that the fire is only slightly up in terms of acreage, at 23,162 acres burned. 74 residences are reported destroyed, 20 more damaged, and 8 outbuildings are destroyed. They are closing in on the fire, at it is now listed at 45% contained. Road closure and evacuation statuses remain the same. Anyone looking to return to the previously evacuated areas of Paradise will need to show identification or other proof of residency in order to be allowed in.

15 June

The ~~Cal Fire~~ report on the Humboldt Fire states that as of 7:00am the fire is 50% contained and remains at 23,162 acres. The count of destroyed and damaged houses/buildings remained the same overnight.

Another power outage struck Paradise in the afternoon, leaving as many as 18,000 people without power.¹⁰ Otherwise, the most recent update (at 3:00pm) of the Cal Fire report cited before keeps the same statistics in terms of acreage burned and homes destroyed.

Another update from Cal Fire (7:00pm) indicates that the fire is now 80% contained and still remains at the same

acreage burned and homes/buildings destroyed. Power is still out in Paradise, as reported earlier.

16 June

The [Cal Fire report](#) now states (at 7:00am) that the Humboldt Fire is 90% contained and they anticipate 100% containment by the end of the day. The acreage of the fire is only slightly higher than yesterday, at 23,344 acres, while the damaged and destroyed building count remains the same.

As of 7:00pm, Cal Fire is reporting that **the Humboldt Fire is 100% contained!**

17 June

Not much new to report in terms of the fire. The fire remains 100% contained. Demobilization efforts of the firefighters have begun, with an estimated date of June 19 for complete demobilization. Cal Fire is listing the cost to date of the fire at \$14.9 million.

16 September

A flare up near the Skyway was detected and quickly put out by fire crews. That same day, a fire nearly Stirling City, unrelated to the Humboldt, began but was also quickly extinguished by fire crews. The Chico ER reported that for a time CalFire had ordered many resources for that "100-foot-wide spot of brush" including helicopters.¹¹ Flare ups are common after wildfires because the roots of trees and trunks can continue to smolder for quite a while. This is why it can be hazardous to venture into "the black" for a while after 100% containment.

Currently, the grasslands and woodlands are beginning to regenerate. Plants within the fire climax community that rely on fire are beginning to grow shoots and recover. Chaparrals such as Manzanita will likely come back with a vengeance next year as their seeds actually require fire to start the germination process. This is an adaptation which gives them an important edge — the germinated plants won't have any competition for sunlight, water, and other resources! Photos of the recovery process would be greatly appreciated.

Historical Evacuations

All evacuations are currently "precautionary" and completely voluntary. Anyone in the fire area should be alert and ready to evacuate should conditions change. These areas, however, are only open to residents with proof (such as photo ID) of residency in the area.

~~As of 6:30pm on Thursday, June 12, Paradise has evacuations for all areas south of Pearson Road from the Skyway to Pentz Road. **Update: this evacuation was lifted Friday (June 13) afternoon.** Residents may now return to their homes in the area.~~

~~As of noon on Friday, June 13, precautionary evacuations are in effect for areas of Paradise west of the Skyway south of Wagstaff Road. There is not an immediate threat as of now, but the fire is unpredictable and people in this area should be prepared to leave if the fire shifts.~~

A public information line has been set up at **538-7826**. Please call that number with any inquiries about the fire and/or evacuations and leave the line at 911 and its dispatchers free for emergencies.

Historical Road Closures

Please update this section as you learn of new road closures or reopenings. Before embarking on any journey in the fire area, it is recommended that you double check with official sources for an up-to-date report.

Last updated 4:45pm Friday, June 13

- [The Skyway](#) has been reopened in both directions, use caution
- Centerville Road closed
- Neal Road between [Highway 99](#) and the Skyway closed to the public, open only to residents
- [Honey Run Road](#) closed to the public from The Skyway to Paradise, open to residents only
- Clark Road has been reopened in both directions, use caution
- Pentz Road has been reopened in both directions, use caution

Resources

Fire Help Center

Assistance for those who suffered damages in the Humboldt Fire can be found at centers set up around the area:

- A fire help center has been set up in [Oroville](#) to assist those affected by fire. It is open Monday 8:00am-5:00pm at the Oroville Employment Center - 78 Table Mountain Blvd.
- Another fire help center will be open in Paradise Tuesday 12:00pm-6:00pm at the Paradise Alliance Church - 6491 Clark Road

Shelters

- [Neighborhood Church](#) in Chico - 2801 Notre Dame Blvd. **FULL - All incoming evacuees being referred to PV High**
- Seventh Day Adventist School in Paradise - 5720 Academy Drive - Public Assembly point only!
- Paradise Senior Center - 777 Nunneley Road
- Paradise Alliance Church - 649 Clark Road
- Paradise Elk's Lodge - 1100 Elk Lane (off Clark Road)
- [Pleasant Valley High School](#) in Chico - 1475 East Avenue
- [Fit One](#) in Chico - Skyway and Notre Dame
- [Chico State](#) University Housing and Food Services announced Thursday afternoon that they have approximately 50 rooms available to staff and faculty displaced by the fire. If you are staff or faculty of the university and need to take advantage of the offer, please contact the Chico State Police Department at 898-5555.

Animal rescue

- North Valley Animal Disaster Group - Volunteers in animal evacuations (more info at [their website](#) including a link to make much needed [donations](#))
- Butte County Animal Control - Small animal evacuations (hotline: 895-0000)
- [Chico State](#) University Farm - Hegan Lane, large animal evacuation site (business hours only?)
- Butte County Search and Rescue Headquarters - 2591 Morrow Lane, evacuated small animal shelter

Services

- [American Red Cross](#) - Emergency services for fire victims
- [Butte County Public Works](#) - Road closures in Butte County
- [Paradise Public Works](#) - Road closures listed for Paradise (only updated during regular business hours? only roads maintained by town of Paradise, no highways or county roads included)
- [Town of Paradise webpage](#) - Emergency information provided by the Town of Paradise
